SMART CLEAN

Easy clean upholstery fabrics are specifically designed textiles that offer enhanced stain resistance and ease of cleaning. These fabrics are engineered to prevent stains from setting, making them ideal for upholstery applications in both residential and commercial settings. Here are the key advantages of easy clean upholstery fabrics:

1. STAIN RESISTANCE:

The fabric is treated with a protective finish that repels liquids, preventing them from penetrating into the fibers. This makes it easier to clean up spills and prevents permanent staining, even from substances such as coffee, wine, or food.

2. EASY MAINTENANCE:

Easy clean upholstery fabrics require minimal maintenance. The repellent finish makes it easier to clean up spills and stains, as they can be quickly wiped away with a cloth or mild detergent. The fabric is less prone to trapping dirt or grime, reducing the need for frequent deep cleaning or professional services.

3. Durability:

The stain-resistant treatment not only protects against stains but also helps to prevent the fabric from becoming soiled or discoloured over time. The added durability allows the upholstery to withstand regular use and maintain its appearance for an extended period.

4. Pet-Friendly:

Easy clean upholstery fabrics are particularly suitable for households with children or pets. Spills and messes can be quickly cleaned up, ensuring that the furniture remains in good condition even in busy or high-traffic areas.

5. Time and Cost Savings:

The stain resistance and ease of cleaning provided by easy clean upholstery fabrics can result in significant time and cost savings. With less time spent on cleaning and maintenance, the upholstery retains its appearance and durability, reducing the need for frequent replacements or professional cleaning services,

Easy-to-Clean

Methods to remove stain easily. →

Take a towel (preferred white color) and make it wet with water, also wet the fabric stain area. Please don't put too much water on the fabric. After 20 seconds , squeezeout the towel and rub the stain in circular motion. It is very important to use the correct way to clean the fabric. Once the stain is removed, allow the fabric to dry naturally. When you try to remove the stains, please don't use too much pressure. Don't allow the stain to dry, then it will be difficult to remove. If the way of cleaning is not correct, it is also difficult to remove all stains.

Below stains can be removed with Easy-to-clean fabrics.

Edible oil (not alcoholic) | Cola | Red Wine | Coffee | Tea | Juice | Blood | Soy Sauce | Vinegar
Ketchup | Honey | Chocolate Cream | Mustard | Lipstick.

Upto 24 hrs spill and stain resistant

Color May Vary From Batch To Batch

Wash care instructions need to be followed for prolonged usage of fabric, otherwise will damage the fabric. Test results were gathered from various samples and therefore represent average indicative values. Discolouration caused by clothing fabrics such as jeans does not represent a material defect. Minor colour deviations & discolouring in context of permissible industrial tolerance standards.
